

The Beacon.

Red Bluff, Wednesday, Feb. 16, 1859.

Agents for the Beacon.

JOHN L. JACKMAN is our authorized Agent at Tehama, to receive and receipt for Advertisements and Subscriptions, and do all other business that may be required on the account of the BEACON.

L. P. FISHER is our authorized Agent in San Francisco to receive advertisements receipt for the same, and to transact business generally for the BEACON. Office, Iron Building N. E. corner of Montgomery and Washington streets, up-stairs.

N. KING is our authorized Agent at Chico, to receive and receipt for subscriptions to the BEACON.

WILL S. GREEN is our authorized agent at Colusa, to receive and receipt for advertising and subscription for the BEACON.

JOB WORK.

Our friends will remember that we have every facility for executing promptly **JOB PRINTING** of all kinds, from small cards to large Posters. Our rates are extremely low, and terms Cash.

SOUTHERN BOUNDARY LINE.

A bill is again before the Legislature of our State which proposes to change the southern boundary of our county (on the east side of the Sacramento River) from Mud Creek to Rock Creek. This same bill was introduced last session, but through the indefatigable exertions of Representative Lewis, it was killed off. Now that our Representative is from Colusa instead of Tehama, the wire-pullers from Butte expect to draw the wool over his eyes in such a manner that he will not oppose the passage of this bill. Unless we are mistaken, they do not understand their man. Mr. Dunlap will know the wants and wishes of his constituents, and that those in this county are emphatically opposed to any bill that will take from us a portion of our territory.

But even if the lobby members from Butte should get the advantage of Mr. Dunlap in the House, we have in the Senate a staunch, firm, and able friend on our side in the person of Senator Garter, and we know full well whatever he sets his mind to accomplish, will be done. He has proved himself one of the ablest men in the Senate, and his wishes, as far as regards his immediate constituents, are respected by a majority of that body. Therefore, the small politicians and lobby members from Butte need not be flattered by the unctious to their souls, that when their bill gets through the House it is a law. It will have a fiery ordeal to pass through in the Senate.

Let us examine, for a moment, the claims put forth by those ever-grasping men of Butte: They say that Mud Creek is a line only in imagination, that it cannot be found on any map, and that its head waters are divided, that it is impossible to tell which is the boundary line. All these objections are mere assertions, and only exist in the minds of those who framed the bill. Having been the Assessor of this county for two years, and as a matter of course compelled to know the boundary lines, we make the assertion that the channel of Mud Creek can be as easily defined as the channel of Rock Creek. We have been from its source to the low wet swamps close to the Sacramento River, where it loses itself, and have never yet had any difficulty in finding who was in and who was not in Tehama County.

The originators of the change lay great stress upon the fact that a portion of the inhabitants living between Rock and Mud Creeks are in favor of being attached to Butte County. We venture the assertion, and would wager something handsome on it, that we can get as many names to a petition between Mud Creek and Chico, making the latter the boundary line between this and Butte, as can be got between Mud and Rock Creeks, making the latter the boundary line. Who wants to take the bet up?

Another reason is this: Tehama County is strictly and entirely an agricultural and grazing county. This disputed territory is the same; and in Butte the mining interest predominates. What advantage, then, we contend, would it be for these people to get into Butte County. The taxes in Butte are about the same as in Tehama. And we know, from sad experience, having lived in Butte three years, that the agricultural portion paid the taxes, and the miners produced most all the litigation in the County, and spent the money. And when elections came on, what was the result? Not a man from the rural districts could get an office.

Now, let us look at figures: The amount of taxable property in Butte reaches about \$4,500,000, while that of Tehama only reaches about \$2,000,000. What object would this little strip of territory be to them, to us it is of vast importance.

The debt of Butte amounts to about \$48,000 while that of Tehama County is only about \$12,000. Last year the expenditures in Butte were \$2000 over the receipts while those of Tehama County did not come up to the receipts by about the same amount. What object then is it for any citizen of Tehama to be tied on to the tail of Butte County.

PURCHASE OF CUBA.—The Democratic Senators in Congress met in caucus on the 10th ult., and passed upon the policy of introducing a bill in the Senate giving the President thirty millions of dollars with which to purchase Cuba. On the vote being taken, five members opposed the proposition. It will, no doubt, pass the Senate, but what its fate will be in the House is more than we can conjecture.

DEAD.—Judge Sutherland, Collector of the Port of Sacramento, died in that city on the 9th. He was a native of Philadelphia.

GRAND JURIES.

A bill has been introduced in the Legislature to reduce the number of Grand Jurors to seven. We are decidedly in favor of this bill, provided a better one cannot be had. Though a better plan is to do away with the Courts of Session entirely, and throw all the criminal business into the District Court; but even then the Grand Jury need not contain over seven members. The present system keeps two-thirds of the counties of the State nearly bankrupt, for no earthly good whatever, as the District Court might have jurisdiction over the whole matter.

Though the clause establishing the Court of Sessions is a part of the Constitution, the statutes prescribe its jurisdiction. We say, let the Legislature pass a bill to amend that part of the Constitution, or else let the Legislature repeal the jurisdiction clause, and then pass a law turning the Grand Jury system over to the District Courts. Let the Grand Jury be composed of seven members, they to be chosen by the Sheriff, from the different parts of the county, and from resident tax-payers only, instead of being taken from the assessment roll. The Sheriff should be competent to summon a good jury, and we think, in his discretion, he would be more likely to get the right kind of men, than we now get, under the present system. The jurisdiction clause in the statutes given to the Courts of Sessions, reads thus: "1st, To inquire, by the intervention of a Grand Jury, of all public offences committed, or triable in the county. 2d, To try, and determine all indictments found therein, for all public offences, except murder, manslaughter, and arson. 3d, To hear and determine appeals from Justices' Mayors' and Recorders' Courts, in cases of criminal nature." Repeal the two first clauses in this law, and another and a brighter era will dawn on our State.

OUR NEXT VOLUME.—Four more numbers will close the second year of the existence of the Red Bluff BEACON. We do not propose to say now what we expect to do in the future, more than this: If our friends, who know themselves indebted to this office either for job work, subscription, or advertising, will promptly settle up their indebtedness, we expect to make several improvements on our sheet. Indeed, if they will act promptly in this matter, we will endeavor to enlarge the BEACON; but this cannot be done without several hundred dollars extra expense, as the press that we now use will not print a paper larger than the BEACON, consequently we will have to purchase one. It is not our custom to be continually dunning those who owe us, therefore, we hope, without further notice, that those who feel they ought to settle once in a while, will immediately assist us.

SPECIAL ELECTION IN SACRAMENTO.—That portion of the disaffected Democracy, calling themselves anti-Administration Democrats, of Sacramento, have again brought out the Englishman, Duncombe, as a candidate for the Assembly, to fill the vacancy caused by the House declaring him ineligible to a seat. If the people of Sacramento County forget their duty as citizens of the United States—if they care nothing for the expense of these special elections—if they wish British subjects to make laws for them—let them go on and elect this man again. But it is to be hoped that every time he presents his credentials he will be excluded from the halls of legislation. We say nothing personally against Dr. Duncombe. He may be a talented man. It is the principle we object to. In our opinion, the Legislature acted wisely in ousting him, and we hope that if the so-called Douglas party again elect him, they will stand firm to what they have done, and again give him his walking papers.

ARRIVED SAFE.—We are happy to learn that the family of Captain Adams arrived safely at Fort Crook, in five days, from this place. Though the weather was very cold, and the company encountered much snow, still no great suffering was experienced.

LATE NEWS.—We failed to mention, last week, our indebtedness to Jerry Sullivan, of San Francisco, for a huge bundle of late papers from the four quarters of the globe. Jerry is the most enterprising newsman in this State.

NO SHOW.—What has become of all the Shows? We have not had a theatrical or minstrel troupe for an age. Any thing in the shape of an exhibition would take here at present, if it would only relieve the tedious monotony under which our townspeople seem to be laboring.

HUMBOLDT MAILS.—The Times informs the P. O. Department that but one mail has entered that Bay since the 6th of November 1858, and none taken away since the 25th of October.

FIGHTING AMONG THEMSELVES.—We learn, from the Humboldt Times, that a squawman got into a quarrel with his worm-eating brother-in-law, at the Mendocino Reservation, a short time since, and murdered him. Alas! that it had not been the white-skinned and white-livered wretch instead of "Poor Jack," that lost his life.

THE GUGGENHEIM CASE.—The libel case of Josephine Guggenheim vs. the bark Glimpe, was dismissed, Feb. 5, by the United States District Court.

Susan B. Ringgold, widow of the late Thomas Lee Ringgold, U. S. A. and only child of Hon. A. P. Cushing, who, at the time of his sudden death on board the Princeton, 1844, was filling the high office of Secretary of State, died in Virginia on the 19th of December last.

"NOT GOOD FOR MAN TO BE ALOKE."—One of the ladies divorced by the Oregon Legislature, has already been again married. She was divorced on the 18th of January, and re-married on the 19th. Quick work.

COULDN'T KEEP HIM OUT.

During the sojourn of a regiment of soldiers in the lower part of this State some years ago, it is related that a very obstinate donkey persisted in breaking into a corn pen. The commanding officer had frequently ordered the intruder under arrest, and even had him tied up, from time to time, with ropes of all dimensions, from a hawser to a clothes-line, all of which he managed either to break or know off, and each morning found John Donkey at the corn. Finally the officer ordered that his tail be fastened to a stump, and secured with iron fastenings, which being done, all hands retired for the night confident that returning daylight would reveal their prisoner, still fast to the stump, as indeed it really did, but to the utter astonishment of all who witnessed it, nothing was to be seen of Mr. Donkey but his tail, which had grown to the enormous length of forty-five feet, the small end still secured to the stump, and the other end with a head and pair of ears attached to it, in the pen, eating away at the corn.

GATHERING OF OFFICIALS.—Day before yesterday (Valentine's day), we were somewhat amused at an unusual amount of fixing up and preparing by certain young gentlemen, for some purpose unknown to us. Though it appears their destination was the residence of a certain Supervisor of our county. The County Clerk had no horse, and the County Judge could not attend, so the County Judge loaned the County Clerk his horse, and the County Judge is to keep a look-out about the County Clerk's Office. The ex-County Clerk had no difficulty, as he went off snugly encased along side of another Supervisor's daughter.

WALSH'S BALL.—The Grand 22d of February Ball will come off punctually as advertised, at the Western Hotel. Mr. Walsh says he intends to make it even surpass the great ball he gave on Christmas Eve. If he does it will be a grand affair. Let everybody go that wants to spend a pleasant evening.

TELEGRAPHIC SUIT.—Prof. Morse, of New York, Alfred Vail, of New Jersey, and F. O. J. Smith, of Maine, brought suit in the U. S. Circuit Court, San Francisco, on the 8th inst., against the Alta Telegraph Company of California, asking judgment for the profits derived from the use of Morse's telegraphing instrument, and also praying that an injunction may issue restraining defendant from using Morse's instrument, which is patented, any longer.

TEN MEN FROZEN TO DEATH.—The party having the California mail which left Salt Lake on the 27th of November, experienced almost unheard-of hardships, every member of the party having been frost bitten. After almost superhuman exertions they reached Sweet Water. Here the St. Joseph mail arrived. Mr. Garvis, the Indian agent for the Snakes, coming through with it. They had nine mules to freeze around their camp, some within two feet of the fire. All the men had their hands and feet frozen, and lay four days within eight miles of the station, unable to get in. Here Majors & Russell had ten men frozen to death. They attempted to follow the train, became lost and froze. They found men at almost every station on the road frozen.

PAPER MILL.—The State Register thus remarks upon the Pioneer Paper Mill, located at Taylorsville, Marin County: These works have an abundance of water and steam power. They are supplied with the latest improvements for the manufacture of paper, and are capable, with the present machinery, of turning out six tons of Paper per week. The cost of the establishment complete, is about ninety-two thousand dollars. The mill is now in operation, and the result, so far, realize the expectations of the enterprising proprietors, Messrs. S. P. Taylor & S. L. James.

BRODERICK FOR PRESIDENT.—A correspondent of the Philadelphia Press, says that Senator Broderick, is prominently spoken of for the Presidency, among many members of Congress.

When! Now, we beg leave to place the name of a man before the people for that high and responsible position ourselves, and if he should get the nomination, we speak now for a foreign mission. The name we offer, is Dr. Duncombe of Sacramento. He has been the worst abused man in California, and no doubt the people of the Union would rebuke the California Legislature, by giving him an overwhelming vote.

R. BEVERLEY COLE.—The State Medical Society have virtually convicted Dr. Cole of being so great a blubberhead that he knew not the import of the language he employed in his famous report on obstetrics last year, wherein he was accused of perpetrating slander against the women of California. Hence they acquit him of intentional slander.

LADIES AMERICAN MAGAZINE.—We have received and perused two numbers of the Ladies American Magazine, a new periodical started in New York to take the place of Graham, which has been discontinued. The fashion plates in the Ladies American are beautiful, and many of the stories and other matter in the numbers that have reached us, are of a high literary cast. We recommend it as a gazette of fashion, and an excellent family magazine. The price is only \$2 a year.

COME TO THE CENTER.—J. G. Doll & Co., want everybody to come forward and settle, and if they don't, look out for—but we don't say nothing. See advertisement.

THANKS.—To Capt. Carpenter, Clerk of the steamer Sam Soule, for late Sacramento papers, two days ahead of the mails. Keep coming, Captain.

DISTRICT COURTS.—Now that a portion of this judicial district has been taken off, we think it nothing more than right that we should have four terms of the District Court in a year. Business is on the increase, and it will be little or no more expense to have four terms than three. Let the lawyers and citizens generally express themselves on the subject, and our Representative or Senator be instructed to present a bill making the necessary change.

COURT OF SESSIONS.—This Court has been in session for several days, with only one case before it. A true bill was found against one Mary Willard, for keeping a house of ill fame in this place. The matter was adjourned over from Saturday till yesterday, in order to get eleven more jurors from the body of the county. We have elsewhere spoken in regard to the expense of Grand Juries. This one, we believe, was summoned solely to inquire into the above case. No matter what dispensation is made of it, it will cost the county over five hundred dollars.

MASONIC HALL IN TEHAMA.—The Gazette says that \$3000 dollars have been subscribed in Tehama to build a school house, and we believe the understanding is to have an upper story, to be used for a Masonic Hall. We hope they may succeed. The people of Tehama would long since have had a Masonic Lodge had there been a suitable house in the place for that purpose.

JEWELS.—We had the pleasure of examining, yesterday, a fine set of Masonic Jewels, received last boat, for the use of Vesper Lodge, No. 84, F. and A. M., of this place. They are truly beautiful. By the way, we are told Vesper Lodge is in a more flourishing condition than ever before.

ACCIDENT.—The Salt River Correspondent of the Yreka Union says, that Mr. Hulby, formerly a resident of Shasta, had his leg severely fractured, on the mountain, opposite Cook & Green's ranch, on the Klamath. He had been hunting, and was descending the mountain with a deer that he had killed, when he was overtaken by an avalanche of snow and carried with it until his foot caught under the root of a tree. The sliding mass of snow, about twelve feet in depth, passed over him, but forced his body over, completely doubling his leg above the ankle. It is very probable that had he not been stopped by the tree, he would have lost his life under the avalanche.

One thousand Germans from the Rhine and Moselle, are going to emigrate in a body to California, with the view of engaging in wine growing on Fremont's Mariposa grant.

PACIFIC RAILROAD.—Again the prospects seem gloomy for a passage of a bill for this important measure through the present Congress. The Senate seems all right on this subject, and will no doubt pass a bill in a short time. But in the House of Representatives matters do not look so favorable. The Special committee in that body have taken decidedly adverse action with reference to the prosecution of the enterprise. They voted down all propositions looking to its immediate construction, leaving only the resolution offered by Mr. Stevenson, of Kentucky, that "it is impolitic to embark in the construction of any road at this time."

HIGH WATER.—The Sacramento river has been very high for some six or seven days, but not out of its banks. The ferry at this place, and also the one at Tehama, has not been in operation for several days. The weather still continues rainy and boisterous.

PACIFIC RAILROAD, NEW PLAN.—We have received a neatly bound and printed pamphlet, by Henry S. Fitch, containing an essay on the Pacific Railroad, which we have not had time, as yet, to examine, but soon shall.

PERSONAL.—We notice among the distinguished gentlemen now in our town, the name of Ex-Gov. J. Neely Johnson. Col. Baker, L. H. Sanborn, and C. P. Braynard, of the Tehama bar are also in town.

WEDDINGS.—We don't mean by this heading that we know of any body that is going to commit matrimony; but if any of our friends should think of such a thing, we can tell them where they can get the good things fixed up in style. Sands, of the Eagle Hotel, is the man. He is said to be one of the best confectioners in the State, as his numerous friends in Sacramento can certify. He is a clever soul, and we wish him lots of luck.

PLACERVILLE OBSERVER.—This is the name of a new semi-weekly paper published in Placerville. It is ably edited by W. F. Stewart, author of "The Last of the Fillibuster," and the typographical execution of it bespeaks the presence of a good printer. It is neutral in politics. May success attend it.

GONE BELOW.—Our townsman, Col. E. J. Lewis has gone to Sacramento to attend to the interests of our county in the Legislature. Mr. Dunlap being a resident of Colusa and not having been in our county since his nomination for the Assembly, is not very well posted, but Col. Lewis can inform him of our wishes. No better man could have been sent down.

SOCIAL PARTY.—A. G. Toomes, Esq., of Elder Creek, having completed an elegant family billiard room of sufficient capacity to entertain a large number of his friends, gave a private party on Monday evening, (St. Valentine's day), at which we heard they danced from "dewy eve to rosy morn." The supper is described as the best, richest, and most tastefully arranged of any ever gotten up in this county. We doubt not they had a convivial time of it, the known liberality of the host and hostess are a sufficient guarantee of this fact.

MR. STREET.—We are placed under obligations to this gentleman for various public documents.

THE MOHAVE EXPEDITION.—The Uncle Sam sailed on the 2d inst. from San Francisco, destined for the mouth of the Colorado River, having on board four companies of soldiers and two hundred mules, besides a large supply of Commissary stores, another company will embark at San Diego. The object of the expedition is to punish the Mohave Indians for their attack on Col. Hoffman, and to establish a new post near the crossing of the Colorado.

P. S.—Since the above was in type we learn that the steamer Uncle Sam returned to San Francisco on Saturday last from her intended trip to the Colorado. When sixty miles out, she encountered a fearful gale which lasted all the afternoon of yesterday, and until 11 o'clock last night, when it subsided a little. All of the baggage and stores which were on the two upper decks were thrown overboard. One attempt was made by the crew to throw the mules overboard, but they could not get them near the side. At 11 o'clock fears were entertained for the safety of the vessel.

The Uncle Sam had all her upper bulwarks stove in by the heavy sea. Most of her freight and cargo had to be thrown overboard, the loss is estimated at \$50,000.

HORSETOWN TO WHISKY CREEK.—A call for a meeting to organize a Joint Stock Company to build a turnpike road from Horsetown to a point near Whiskytown, in Shasta County, to be held in Horsetown, on the 26th inst., is published in the Shasta Republican. Among the names attached to the call we observe those of Messrs. Stockton, Andrews, Conger, Duffy, and Dent, all responsible gentlemen. We see in this movement an evidence of the fulfillment of a prophecy which was spoken by "the Prophet Benjamin" (Mix) a few months since, in a card to the public.

AN OVERLAND BET.—Kirk Anderson, of the Valley Tan, is authorized to offer a wager of \$10,000, from five of the most responsible gentlemen of Utah Territory, that the trip from St. Louis to San Francisco can be made by way of Salt Lake in quicker time than by any other route on the Continent; nay, further, that San Francisco can be reached in quicker time, from any point on the Mississippi, than by any other route—this lets in Tehantepec—the trial to come off next Summer.

ADVERTISING.—If there is any community in the world that truly appreciates (if it can be appreciated) the advantages of advertising, it is that in which we are located. Everybody reads the BEACON, and men in business rightly conjecture that if they do not advertise, they cannot expect to do any business. The consequence is a larger and more lucrative business is doing in Red Bluff than any town of its size in the Northern part of California. Any community can derive a profitable business if the members of it are not afraid of a few dollars spent in advertising.

ASSAY OF PIKE'S PEAK GOLD.—REMARKABLE FINENESS AND PURITY.—The St. Louis News, Jan. 12th, says: "Messrs. Clark Bros. & Co., of this city, have just received a report from the U. S. Assay Office, New York, of a lot of Pike's Peak gold, forwarded by them, and at their request separately assayed. The quality of this gold is 963-1000 fine. California gold is about 880-1000 fine. This fact alone is proof that Pike's Peak is no humbug; for the fineness of gold is a matter beyond the control of speculators. The value of this lot is \$19 21 per ounce, as it came from the mines; and \$20 02 per ounce after melting and cleaning."

REGULAR.—The steamers now arrive very punctually from Sacramento, indeed they are generally ahead of their time. The travel is increasing, and at the present rate the company will, in a few weeks, increase the number of arrivals to three instead of two, as at present.

FOR SALE.—See the advertisement concerning three yoke of cattle and a wagon for sale. Now is the time to buy.

BIRTHS.
On Thomas' Creek, Jan. 10, wife of Lewis Van Tassel of a daughter.
On Thomas' Creek, on the 14th inst., wife of David Eby of a daughter.

MARRIED.
On the evening of the 8th inst., at the residence of A. Snyder Esq., by the Hon. Wm. P. Dangerfield, Mr. James Loag to Miss Emily C. Snyder, both of Shasta.

TAKE NOTICE.

WITHIN thirty days from date, the money then made upon all notes and accounts due us and contracted prior to first of January, 1859, or the same will be placed in the hands of a lawyer for collection. All interested will please take due notice.
J. G. DOLL & CO.
Red Bluff, February 12th, 1858.

A Rare Chance.

FOR SALE,
THREE YOKE of Large and Likely CATTLE, first-rate Wagon, with every thing complete, and ready for the road. The above will be sold at a bargain. One-half cash, and time on remainder. Inquire of St. Clair Jackson, Red Bluff, February 16, '58—1mo.

The business at RED BLUFF will be carried on by the undersigned under the same style and name as heretofore, who will, at all times, be happy to meet not only his old customers, but also new ones.

All persons indebted to the former firm are notified that settlement must at once be made and all having claims will please present them for liquidation.
J. GRANVILLE DOLL,
Red Bluff, Feb. 9, 1859.—if

NEW SALOON!

Fresh Oysters!

THE Undersigned has opened a new Saloon on Main Street, next door to the old Louisiana House, where he will be happy to receive the public. He has made arrangements to receive Fresh Oysters by every boat, and feeling the force of the old saying, that a "nimble sixpence is better than a slow shilling," he has reduced the price to 25 cents a plate.
Give him a call. Liquors 121 cents.
M. N. DUSTIN,
Red Bluff, Feb. 9, 1859.—4711

WANTED,
A SPAN of Good American Work HORSES or MARES. The latter would be preferred. Call at this Office.
Feb. 9.

Constable's Sale.

BY virtue of an execution, issued out of Justice E. W. Goodrich's court, of Red Bluff Township, County of Tehama, to me directed, in favor of Levenson & Co. against John Beal, I have seized 43 damages, and \$21 40 costs, I have seized and shall expose for sale at public auction, and shall expose for sale at 10 o'clock, P. M., on the 16th day of February, A. D., 1859, at the door of the Court House of said county in Red Bluff, the following described property, to wit: Lots No. 5, 6, 7 and 8, in block No. 26; Lots No. 15, 17, 18, 19 and 20 in block No. 26, and lots No. 4, 5, 6, 7, 8, 9, 10, 11 and 12 in block No. 33, according to the plat of the town of Red Bluff, as laid out by the Red Bluff Land Corporation in 1852, together with costs and accruing costs.
Dated Red Bluff, the twenty-first day of January, A. D., 1859.
ROBERT LOWERY,
Jan. 25-31. Special Constable.
