WASHINGTON: The President has just been informed by telegraph from the War Department that the troops are in position to execute the order of the Union government, and will be ready to act at any moment. The order was addressed to the military commander of the department, and will be executed as soon as possible. The troops are well provisioned and equipped, and will be ready to move at a moment's notice. The President has directed that all necessary measures be taken to ensure the prompt execution of the order, and that the troops be placed in a position to act at any moment. The President has also directed that all necessary measures be taken to ensure the safety of the troops, and that they be placed in a position to act at any moment.
