WHIG STATE MASS CONVENTION.

The Whig State Central Committee announce to the Whigs of California, that a MASS CONVENTION of the Whigs of the State, will be held at the CITY OF SACRAMENTO, commencing on WEDNESDAY, the 6th of October next.

The Convention will be on the eve of the State and National Elections—will be the first grand reunion of the Whigs on the Pacific coast, and the Committee trust it will be worthy the State, and the party whose principles are so vital to the highest interests of California and the Union. The candidates, and the most distinguished men of the party, will be present to address the Convention, and every possible local arrangement made for the comfort of all who come.

Let the people of the mountains, the plains, and the seaboard, in October, meet in council, and be prepared for that other meeting in November, at the hotel box. The Chairman of the Whig County Committees, and all the members of the Whig State Central Committee, are notified to meet at Sacramento on the 5th, at 12 o'clock, the day preceding the Convention.

By order of the Committee.

Whig County Committee Rooms,

SACRAMENTO, Sept. 27, 1852.

To the Whigs of the State of California—

The Whig State Central Committee have summoned you to assemble in Mass Meeting in the city of Sacramento, on Wednesday, the 6th day of October next.

The Whigs of the city and county of Sacramento, appreciating the honor of the compliment bestowed upon Sacramento county in its selection for the proposed convention, tender to their political brethren throughout the State a cordial welcome, and earnest invitation to be present and participate in the deliberations of the mighty mass of Whigs that will be assembled together on that occasion.

Ample preparations will be made for the convenience and accommodation of the Whig hosts that come up to meet their friends in council.

The considerations involved in the issues now before the State are immense, and determined purpose, unflinching energy, unceasing devotion to the political work before us will secure to us success, and elevate the gallant and renowned army of the Presidential chair on the 21 day of November next.

By order of the Whig County Committee.
C. L. HUTCHINSON, Chairman.
W. MEYER, Secretary.

THE GRAND WHIG RALLY!

WHIG MASS CONVENTION!

The Whig Rally on Wednesday the sixth, is intended as a State demonstration, and Whigs from all parts of the State are expected to be present. Extensive preparations have been made by the County Committee and the Whigs of the city, for the occasion. A stand for the speakers, and a platform for the accommodation of the ladies as well as distinguished strangers, have been erected on the Plaza, and over all flows gracefully the "stars and stripes" on a Scott and Graham pole one hundred and eighty feet high. Should the army of Scott and Graham men present be greater than can be addressed by one speaker, other stands will be provided at convenient distances from the main one.

A grand Whig Ball will be given at the Orleans Hotel, on Wednesday night, which it is expected, will be graced by the presence of many of California's fairest "jewels."

The ablest and most popular Whig speakers in the State will be present, and we hope to see the Whigs of the towns and counties within reach of the city of Sacramento here in mass.

There is room for all, and the Whigs of Sacramento will greet their brother Whigs with a California welcome. Let them come from the mountains and valleys, gulches and ravines, the rivers and creeks, the dry diggings and wet, the town and country; we say again they will be welcome. The Whigs of Sacramento are much gratified at the prospect of having such a full delegation from San Francisco. The Whigs in that city have evidently enlisted for the war, and stand ready at a moment's warning to go where duty calls. We see too that Marysville will turn out her gallant Whigs by hundreds, and we know the Whigs of our sister cities and towns are too gallant to think for a moment of leaving the ladies behind when their presence would add so much to the interest of the occasion.

We look for a demonstration which will tell powerfully for Scott and Graham, and which will strike dismay into the astonished ranks of Locofocoism.

The details may be learned by reference to the programme which will be found in another column.

Democratic County Convention.—"Noise and Confusion."

The Democratic County Convention, to nominate candidates for Senator, Representatives and Circuit Judge, met in the Court House, on Saturday last, in accordance with the notice issued by the County Committee.

The hour of 12 o'clock, m., was the time designated to meet, but there being but few of the delegates present, an adjournment, until 2 o'clock, p. m., was agreed to. At that hour the delegates, to nearly the full number assigned each ward and precinct—thirty for the city and thirty for the county—by the County Committee, assembled.

The meeting was called to order, and, on motion, Dr. Duncombe—after several gentlemen had declined the honor—was elected President of the Convention, and Messrs. Wilbur and Clarkson elected Vice Presidents. Two Secretaries were also appointed.

Dr. Duncombe returned thanks for the honor conferred, and declared the Convention ready for business. On motion, a committee of five on credentials—Dr. Montgomery, chairman—was appointed. After examining the credentials of members, the committee reported in favor of adopting the basis recommended by the County Committee—thirty for the city and thirty for the county—to be decided in accordance with the votes cast in each precinct and ward. The report was received and adopted without opposition. Shortly after, a motion was offered by Mr. Caulfield—who was not in the house when the report was adopted—to reconsider so much of the motion as adopted the report of the committee, assigning as a reason that the members did not understand the motion when first put. This motion was objected to as out of order, when a member who had voted in the affirmative moved to reconsider the vote. This was followed by a rambling and excited debate, in which it appeared that a portion of the county delegates had been appointed under the basis adopted by a former convention, and had disregarded the basis recommended by the committee, and were anxious to appear in convention in their full strength.

The motion to reconsider was resisted by the city delegates generally, but after calling the ayes and noes three times, it was decided to have carried by a vote of 34 ayes to 28 nays. Upon the announcement of the result, most of the delegates from the First and Second Wards took their hats and walked out of the Convention. After this dreaded demonstration, most admirable disorder, accompanied by much "noise and confusion" prevailed for some time, but was finally sufficiently allayed to enable the President to put a motion to adjourn to meet at 7 o'clock in the evening. Motion lost. This was followed by a motion to adjourn *sine die*. This motion the President decided debateable, and the members availed themselves of the privilege quite liberally. The county delegates were opposed to the motion, and in favor of going ahead and making the nominations, while those of the city delegations remaining, were anxious for an adjournment to 7 o'clock, or until Saturday next. Motion to adjourn *sine die* lost. Finally, after groping about until nearly night in the dark mazes of disorder, a motion to adjourn until 7 o'clock in the evening was carried.

The Convention assembled again at the time appointed, and made an effort to proceed with the business, but failed to make any nominations.

Our limited space this morning prevents us giving the report of the proceedings after night, but it will appear to-morrow.

We will simply add that the Convention failed to make any nominations in consequence of the city and county members being unable to harmonize—the division finally ending in a second withdrawal of a portion of the city delegation, after having presented a protest to the Convention.

After sundry *melting* speeches and a general exchange of crimination and recrimination between the two wings of the party, and various motions to adjourn *sine die*, a motion to adjourn until Saturday next, was carried. The scenes enacted were "rich, rare, and comical," a description of which we may lay before our readers hereafter.

REAL ESTATE SALE THIS DAY AT THE ORLEANS.—J. B. Start holds another of his large Real Estate sales to-day at the Orleans Hotel, at 11 o'clock, a. m. The property to be sold consists of houses and lots; at 10 a. m., farms and lots throughout the city. Likewise very desirable property in the town of Washington, across the river.

It will be the interest of all parties who feel desirous to locate in Sacramento city, and for those who wish to invest, to attend the sale. Most of the titles come from Sutter, and the land will improve in value daily.

Catalogues, we are informed, will be sent around the city, and can be obtained at the auction room and at the Orleans Hotel.

REMEMBER WEDNESDAY.—Two days from this is our convention, Whigs. Are you all ready? Preparations are being made at the Bay city for a large turn-out of the Whigs, and of the ladies also. That looks right. We wish other places to imitate this example. There will be plenty of room, and a warm welcome for all who may come. We want to see the miners here—the honest red shirts, which conceal true hearts and powerful sinews. Come along, then, and lend your countenance and support to the veteran hero who has spread the glory of your arms and the pride of your nation into every corner of the State.

WHIG POLE.—On Saturday last, a Whig liberty pole, one hundred and eighty feet high, was raised in the centre of the Plaza, under the management and direction of Mr. A. P. Pettit. The pole is surmounted by a liberty cap, and displays from its utmost height the "broad stripes and bright stars" of our national flag.

At the base of this pole a platform and seats are erected for the accommodation of the Whig speakers and officers of the Convention on Wednesday, and the ladies who may honor the occasion by their presence. Mr. Pettit has prepared every thing in excellent style, and deserves much praise for his labor.

ORIENTAL LIVE.—Messrs. Ogden & Haynes, merchants of San Francisco, propose to establish a regular line of clipper ships between that place and Hong Kong, China, which appears to be gaining great favor. They have already dispatched one vessel, the Pathfinder. The Fanny Major, another, will leave on the 6th of October next, both to touch at the Sandwich Islands.

THUNDER AND RAIN.—On Saturday afternoon last, we were visited by a delightful shower of rain, accompanied by thunder and lightning, which cooled the air and partially allayed the dust.

Placerville.

The prompt messenger of Hunter & Co.'s Express laid the *El Dorado News* on our table yesterday, at an early hour. We cull from it the following items:

The stock of the South Fork Canal Company has been all taken and the books closed. This work, the *News* says, "is truly one of the most gigantic of any age or country, and certainly surpasses, in magnitude and importance, anything of the kind ever undertaken and accomplished by private individuals."

Messrs. EDWARDS and McDUGAL spoke in Placerville, on Friday last, before a large audience. The *News* has quite a humorous description of the affair, and gives both gentlemen credit for the gallantry displayed on the occasion.

Dr. S. A. McMeans had written a letter explaining his course on the "cooley bill" of the last Legislature. The Doctor explains why he voted for the bill. He is a candidate for reelection to the next Legislature.

FUGITIVE SLAVE CASE.—A woman was arrested in this place, on Tuesday last, on the plea of being the property of Amelia Raymon, who brought her to this country in 1850. The case was tried before Thomas Wallace, Esq., who, we understand, discharged the woman, on the ground that the complaint did not state that she was to be taken back to Louisiana. She was subsequently arrested, to be tried before Judge Hall, on Thursday evening, but before the hour of trial arrived, however, a compromise was effected, and the woman discharged.

RAIN.—Just before our paper went to press this morning, it clouded up very suddenly, and in a few minutes we were favored with a refreshing shower of rain, which seemed to betoken, in the miners' faces, the "good time coming." The shower was accompanied by repeated flashes of lightning and peals of thunder, which is something unusual; and we think the probability is that the weather, as well as the country, is becoming Americanized.

San Francisco Correspondence.

SAN FRANCISCO, Oct. 1st, 1852.

The steamers Tennessee and Independence left this morning, each with a goodly number of passengers. The Tennessee took the mails and \$2,272,500 in treasure, of which amount Adams & Co. shipped one quarter.

The Young Men's Whig Club, with delegations from several of the Ward Clubs, will leave here for Sacramento on Tuesday in the day boat, reaching your city about dusk. A portion of the State Central Committee and the County Committee will accompany the Club.

The following gentlemen compose the Committee of Arrangements for the Club, viz: F. M. Pixley, D. B. Arrowsmith, J. F. Curtis, J. S. Gould, J. C. Hassan, J. Pratt, E. Niles, J. B. M. Crooks, J. F. Stirling, and J. K. Mathews.

A magnificent entertainment was given last night at Wilson's Exchange, by the members of "California Engine Company, No. 4," to Mr. B. G. Latimer, of the firm of Winter & Latimer of this city, who left this morning on the steamer. Mr. L. had been a member of the Company from its first inception. A large number of invited guests from the Monumental, Howard, Sansome, and Lady Washington Fire Companies were present.

The *Herald* of this morning contains a highly impertinent and abusive article in regard to their contemporaries of the party press, and set themselves as perfect personification of all that is pure, and in a column right next door, contains a partisan article, calculated to convince the interests of their candidate, Pierce, and defeat, if that were possible, Winfield Scott, Jr.

C. Winthrop in his speech, speaking of the press, may have meant the "independent" journals, but not of the kind and calibre we have in California.

The Democracy made a faint attempt at a torch-light procession last night, but did not muster very strong, their number not being over 150 all told, boys included.

The clipper ship Beverly, 149 days from Boston, to Flint, Peabody & Co., and the Sea Bird from San Diego, arrived to-day.

A "PASSE."—A couple of prominent gentlemen in the ranks of the "Democracy," got into an angry political discussion on J street, in which high and angry words were bandied.—Having exhausted words without feeling redressed, they finally pitched into each other, and might have separated with black eyes, but for the interference of the police.

THE CONFERENCE on her way up on Saturday night, grounded on the 'Hog's Back,' and slightly deranged some of her machinery. She arrived here about 10 o'clock yesterday morning.

THE ALLEGHANIANS it will be remembered, give another of their popular concerts to-night, which will be attended by the Sutter Guards in full uniform.

WE REGRET to learn that Mr. John Ingoldis, pastor of the Catholic Church of this city, lies very ill. No regular service was performed in his church yesterday in consequence.

ATTENTION is invited to the catalogue sale of boots and shoes, advertised by Messrs. Kelsey & Smith, of San Francisco, under the head of Auction Sales.

We are under obligations to Gregory's, Adams & Co.'s and Wells, Fargo & Co.'s Expresses for late papers.

THE NEXT PROCEEDINGS of the Fair sales, held by the ladies of the M. E. Church in this city, amounted to over eighteen hundred dollars.

EXTENDED LOW WATER NAVIGATION OF THE UPPER SACRAMENTO.—The steamer Jack Hays passed Sacramento on Wednesday evening, Sept. 22d, on her way from San Francisco to Monroe's Ranch, some thirty-eight miles by land, above Colusa. On Saturday the 25th, she arrived at Colusa, discharged her freight, and proceeded up the river. On Friday last, Oct. 1st, information was received at Colusa that she had arrived within a few miles of her destination. Col. Monroe having previously, with characteristic energy, cleared the snags in the river from Colusa to its place. It is thought that by the purchase of another steamer of the same class, say the Game Cock, and perhaps one or two more, a semi-occasional passenger line might be established from Colusa to Monroe's, that would greatly facilitate the travel of the Upper Sacramento Valley.

FROM THE INTERIOR.

Shasta.

We have received copies of the *Shasta Courier*, Marysville *Herald* and *Miners' Advocate*, for which we are indebted to Adams & Co.'s Express. We make such selections from these as are of a general interest to our readers. We clip the following from the *Courier*:

IMPORTANT FROM YREKA.—Mr. Rains, of CLAIM, Rogers & Co.'s Express, furnished us with the sad news which we give below. Mr. Strawbridge forwarded his letter to Mr. Rains after he left Yreka, and we are consequently in possession of no particulars except those contained in it:

YREKA, Sept. 28, 1852.
DEAR RAINS: Since you left yesterday a detachment from Ben. Wright's party beyond the Butte has reached here, conducting an immigrant train; they report that twelve miles from the trail the bodies of three men, one woman, and two children have been found, butchered by the Indians.

You will recollect a short time since (about the time Coats was killed) Ben found a quantity of children's clothing in an Indian camp. This was probably the property of this last murdered party, who, it is supposed, constituted one family. Some papers which may lead to a knowledge of their identity are in possession of D. D. Colton, Esq.

All quiet here as you left us.
Yours, truly, JAS. STRAWBRIDGE.

TROOPS FOR THE NORTH.—It is reported that a company of dragoons are now at Reading's ranch. They departed from Benicia some weeks ago. It will be seen, therefore, that the progress of this body of troops towards the place where they are expected to do important service is rapid—expeditions—very. At this rate of travel they will probably reach their place of destination in the course of a month or two. In the meantime we have published the names of many who have been murdered. In another column it will be found that six more victims have been added to the list. We will not insult the common understanding and virtuous impulses of our readers with a single word of comment—the facts speak for themselves.

INDIAN HUNTING.—Owing to some depredations recently committed on Clear Creek by the Indians, Capt. Larabee organized a small party and gave them chase. The party returned a few days since, bringing with them a number of squaws and children. During their absence on the scout they killed fifteen Indians. We are not furnished with a full account of the work done by this volunteer and independent company of frontier soldiers. It is probable that this wholesome and impromptu chastisement will effectually check the serious depredations which had lately become alarmingly frequent on Clear and Cottonwood Creeks. Should the Indians, however, still continue troublesome we are assured that this timely chastisement will be repeated, and prosecuted even to a greater length, by the same company or another similarly organized.

On Saturday evening, Sept. 18, the Whigs of Siskiyou county held a spirited Convention in Yreka, over which Dr. A. Cook presided. We have room only for an epitome of their proceedings.

On motion of Dr. Ironside, the Convention proceeded to select delegates to the District Convention, when the following gentlemen were chosen: Dr. Jesse Robinson, Dr. W. G. Proctor, Dr. R. B. Ironside, E. H. Heard, G. W. Pine and G. W. Tyler, Esqrs.

On motion of Judge Robertson:

Resolved, That a Whig County Central Committee of six be appointed and that said committee be authorized to select a candidate for the office of Representative in the Legislature from this county.

The following gentlemen were chosen: W. A. Robertson, James P. Goodall, W. G. Proctor, J. Berry, A. Cook, and C. M. Tutt.

The Locofocos held a Convention at Big Bar, on Trinity river, Sept. 20 h, to nominate a candidate for Judge of the 8th Judicial District, composed of Trinity and Klamath counties. Mr. Peters was the choice of the Convention for that office.

WHIG PRECINCT NOMINATIONS.—A meeting of the Whigs of Shasta precinct, held for the purpose of nominating candidates for precinct officers, resulted in the unanimous nomination of Messrs. Moody and Hinckley for Justices, and Messrs. Lean and Holmes for Constables of the Shasta Precinct.

HEAVY ROBBERY.—It has been reported that Mr. L. H. Sanborn, of Sanborn's ranch, was robbed a few nights since of \$4000. His house was entered about ten o'clock at night and the money was taken from beneath his pillow. We have seldom heard of such a bold and daring robbery.

At a meeting of the Democratic party of Butte, held Sept. 11, the following nominations were made: For assembly, C. C. Thomas, R. Irwin and T. Wells; County Judge, P. H. Shultz; Assessor, D. A. Brown; Conveyer, G. H. Mulvaney.

Sonoma.
The *Bulletin*, speaking of the improvements at that delightful region, says that Gen. Vallejo has completed a beautiful cottage on what is known as the "spring property." The spring from which the bath-house is supplied furnishes from 20 to 30 gallons of water per minute, irrigating a fine garden and vineyard of about 30 acres.

The willows around the spring afford a pleasant retreat in warm weather, and is much visited by citizens and strangers.

A Settlers' Convention was held at Elliott's, Santa Rosa, on Saturday last, which nominated Major Lewis, of Petaluma, as a candidate for the Senate, and Messrs. Ewing and Powers for the Assembly. It is said that much dissatisfaction was manifested by some members of that body.

A punther weighing 200 pounds was killed last Saturday at Mr. Spencer's farm, about two miles from Sonoma. He had been prowling in that neighborhood for some time, and it is supposed killed several cocks belonging to Mr. Spencer.

San Jose.
From the Santa Clara *Register* of Thursday, we extract the following:

STABBED.—Last Sunday night, about ten o'clock, an Indian was found on Market street, near the Plaza, with a dangerous knife wound in the left side, and several other severe cuts in other parts of the body. It is not known by whom the deed was committed, the Indian being too drunk to give any account of the affair.

On Monday morning last, the body of an Indian was found on a vacant lot on the south side of Santa Clara street, in a shockingly mutilated state. It is supposed that the Indian was killed on Sunday night, but as yet we have no clue to the murderer.

An American, name unknown, was killed on Tuesday night, two miles above this city, near the Townsend House. Particulars not known at present.

A man by the name of Porter was shot by the guard of the county jail on the night of the 10th inst. It seems that Porter had gone near the guard and upon being hailed several times and failing to answer, the guard very naturally suspected his motives and fired upon him. We are pleased to state that the wound though severe is not dangerous, and that the unfortunate man is now convalescent. It was only through Porter's inadvertency in failing to answer when hailed, that he was shot.

On Monday morning, a Pennsylvania by the name of James Blair, was found murdered in the south-eastern portion of San Jose.

Recorder's Court.—Before JUDGE McGEAR, SATURDAY, OCT. 2.
Attendance slender than usual this morning, and no sales were made.

Jonathan Harrell, for assault and battery on the person of Levi Welber. Found guilty and fined \$10 and costs—in all \$30.

Hury, from Bombay, for drunkenness and disorderly conduct. This was Harry's first offence, and did not lead to anything, at that; so he was permitted to depart.

James Hunssey, for threats made against the person of *Blanch Ellis*, one of the frail daughters of Eve. Found guilty, and bound over in the sum of \$500 to keep the peace for three months.

From the South.

We are indebted to Gregory's Express for a copy of the Los Angeles *Star*, from which we clip the following:

On the petition of Scott & Granger, counsel for Manuel Garcia, he said Garcia was allowed to interfere with the claim of the Indians, and was a subject of the law agent, or the counsel for the claimant.

No case shall be taken up for hearing out of its docket order, except by the consent of the law agent and the counsel in the cases preceding it.

On Friday Commissioner Wilson delivered the opinion of the Board in case No. 41, A. A. Ritchie and Paul S. Forbes, claimants of three leagues of land in Napa county, called "Colayome." The grant was made in June, 1844, by Gov. Micheler to the Colon Kidney, and was confirmed by the departmental Assembly on the 26th September, 1845.
