JOB WORK.

Our friends will remember that we have every facility for executing promptly **JOB PRINTING** of all kinds, from small Cards to large Posters. Our prices are extremely Low, and terms Cash.

SLAVERY IN THE TERRITORIES.

There are few opposition papers in this State who are not continually asking the question of Democratic journals—How they stand on the new issue of slavery in the territories? They are over anxious to force the Democracy to take sides on a question which has not, as yet, fully developed itself; and one which is only sought to be raised by demagogues, for their own personal aggrandizement, and the overthrow of the Democratic party.

We claim to be Democrats—true, and consistent Democrats—yet we do not feel that in order to maintain our standing as such, we are compelled to drag into every canvass, outside issues, imaginary and abstract questions, and shoulder them upon the Democratic party, and convert it into a hobby-horse, for some ambitious charlatan to ride into power. Once, in four years, the National Democratic Party meet in convention, adopt a platform, and nominate a candidate for the Presidency, who indorses the same; and then becomes the Democratic doctrine, and the principles there laid down, are the principles which are to govern the party for the next four years, and it is beyond the power of any Senator or Member of Congress, by improper, or seditious motives, to drag in other questions, and attempt to throw their burthen upon the Democratic party.

If Senator Brown, and Senator Douglas entertain different opinions in regard to the power of Congress to protect slavery in the territories, it is no reason why that difference of opinion should be forced upon the party in every State and County election. If the National Convention, which is to convene at Charleston in 1860, see fit to make this abstract question a plank in the Democratic platform, it is time then to discuss the matter, and we shall reserve to ourselves the right to do so, regardless of the consequence; but at present we conjure Democrats to mind well what they do, and not be duped into the snares of a treacherous opposition that would glory in the defeat of the Democratic party.

The opposition is composed of the flag ends of all factions and isms, led on by impulsive demagogues in whose heart there is no patriotism, whose thoughts by day, and dreams by night are concentrated for the consummation of the one cherished motive—the defeat of the Democratic party. A Senatorial caucus admitted Senator Douglas into full communion with the Democratic party, consequently we have no right to say that he is not a Democrat. Senator Brown is a gentleman whose Democracy we have no right to question. Such being the case then, is it in good faith for Democrats to follow off in the footsteps of either, and divide the party? If Democrats allow this question to be raised, and array one portion of our party against the other, defeat is inevitable; and this is the end sought to be accomplished by the opposition. They will leave no stone unturned to accomplish it—there are no means too vile for them to resort to, to destroy our organization, and number us among the things that were. It then behooves good and loyal Democrats to ignore this imaginary issue, keep it out of Democratic Conventions, and not allow it to be considered a party issue.

RETURNED.—Hon. E. Garter, our worthy Senator, returned on Friday last, on his way to Shasta. There is no Senator that can return to his constituents with a fairer record than Mr. Garter; his standing as a Senator is indeed an enviable one, and one that his constituents can refer to with honor to him, and a satisfaction to themselves. His Senatorial career has been marked by honesty, sincerity, and a strict devotion to the interest of his constituents. His reputation as a debater is exceeded by none of his associates, and his Democracy is unquestionable. What higher tribute can his constituents pay him, than to give him the appellation of the honest man.

ADJOURNMENT OF THE LEGISLATURE.—The tenth session of the California Legislature is at last brought to a close, after ninety-one days' duration. This is the most statesmanlike and patriotic duty performed by this assembled mass of egotism. The people will be under lasting obligations to them for this, only wise act, that they have performed during the present session. The whole session has been taken up in considering trivial bills, and miserable attempts at low wit. It has been frequently remarked by those who have been mortified by the disgraceful scenes which have been enacted there, that they were ashamed of them as legislators of California; and who in the name of wonder is not? We are gratified, however, to know that our member, Mr. Dunlap, is an exception; we venture the assertion, that he entertains the same opinion in regard to the dignity of his associates that we do.

THE COUNTY BOUNDARY.

The following is the section of the new law which changes our southern boundary line:—

SECTION 1. The county of Tehama shall be bounded as follows, to wit: Beginning at the first section line north of Rogers, on the Sacramento river, and running west on said line to the summit of the Coast Range; thence up the Coast Range to the middle fork of Cottonwood creek; thence down the center channel of said creek to the Sacramento river; thence up the middle channel of said river to the mouth of Battle creek; thence up the middle channel of said creek to the western line of Plumas county; thence on said line southerly to the line of Butte county; and thence in direct line to the headwaters of Rock creek; thence down the middle of the channel of said creek to township line twenty-three; thence along said line to the middle of the Sacramento river; thence along the middle of the channel of said river to the place of beginning.

Having been in Sacramento during the passage of the bill, and afterwards made aware of the low, underhanded means used to pass it, and also aware of the insinuations that have been thrown out against citizens of this county, in connection with the matter, we propose to give the reader our views upon the subject. Mr. Dunlap introduced, into the House, a bill to define the boundaries of Tehama County. Cannon, of Butte, tried to tack on the Rock Creek amendment, but failed, and the bill went to the Senate as introduced by Mr. D. It was there read twice and referred to the County Boundary Committee. Hart, of Butte, got the Rock Creek amendment again tacked on in committee, and awaited a favorable opportunity to report. Taking advantage of the absence of Mr. Garter for a few moments, Phelps, Chairman of the Committee, reported the bill the day before the time set for adjournment, and in the hurry and confusion of the moment, it passed without objection. The same game was played in the House, while Mr. Dunlap was absent, (scarcely five minutes), and the Senate amendment concurred in.

J. G. Doll, E. J. Lewis, A. C. Morse, and others, have been accused of favoring this grand swindle, but we stand ready to prove the accusation false. Next week we intend to revert to the matter more plainly, and right here we would express our supreme contempt for certain scribbles who are base enough to make insinuating charges, without having the manliness to come out and say who they charge.

SHASTA COURIER.

This paper has seen fit to use language about us which, we had hoped, when we took charge of the columns of the Beacon, never to have provoked. The editor flippantly uses the words "mean and mendacious assault," "felonious falsifier," and "ineffable meanness," and we should take his epithets more to heart did we not know that they are old phrases, often used in that paper. If we had thought the editor would have repeated one of his stereotyped pages we would not have called him a Broderickite, but as we have made the assertion we stick to it; and if Broderick is not a Black Republican, the distinction is so fine we have never been able to notice it.

And the editor's closing paragraph, charging us not to put him down as an enemy to Gov. Weller; is for effect, and simply ridiculous. The idea that a man can be an ardent admirer of Broderick, and a friend to Weller at the same time, will do to advance to "marines." No, sir, we still stick to it, the editor's blowing to the contrary, notwithstanding, that the Courier is one of Broderick's organs, and consequently an enemy to the true Democracy of California.

The fact of the editor owning slave property is no argument to us. P. P. Blair, of St. Louis, owns negroes, and is one of the most rampant Black Republicans in the Union. Hoping the Courier man, for whom we have the highest personal regard, will not go off half-cocked again, we take our leave of him.

ODD FELLOW CELEBRATION.—Yesterday, 24th April, long looked for came at last. From an early hour in the morning the people seemed to be anxiously waiting for the arrival of the hour at which the procession was to form, that they might enjoy a sight which had never before been witnessed in our town. About eleven o'clock, Captain James S. Johnston marshaled the brotherhood, in order of procession, on Oak Street, from whence they marched through the principal streets to the grove, at the upper end of town, where a platform was erected. An eloquent oration was delivered by Rev. Joseph Kilpatrick, and an original poem recited by Rev. L. S. Ely. Several odes were sung by the choir, and the soul-stirring and enlivening strains of the Red Bluff brass band was excellent. The banter belonging to the lodge in this place is beautiful in the extreme, the artistic skill evinced in its manufacture, is of the first class. As our paper is going to press, everybody is making preparations to attend the anniversary ball. In our next issue we shall have something to say of this part of the ceremonies.

POLITICS.—The political horizon is commencing to brighten, and candidates are beginning to buttonhole the "dear people." In our little town, on Monday, quite a little feeling was manifest about the different candidates for Governor. Denver stock seems to be rising hereabouts, and his friends contend he will get the vote of this county. He is a sound politician, will run well before the people, and make an able Governor.

GONE EAST.—The following well known citizens of Shasta and Siskiyou Counties, left on the 20th, for the east on a visit: W. B. Batterson and Mr. Grass, of Yreka; Fred. Chandler, of Horetown, and Mr. Heckimer, of Dry Creek.

DEMOCRATIC CENTRAL COMMITTEE.

Democratic County Central Committee for Tehama County, met at Red Bluff, on Saturday the 23d of April, 1859. Present—Major J. C. Bradley, President, Newell Hall, Secretary, and E. A. Stevenson.

Resolved, That the ratio of representation to the County Convention shall be as follows:—Two delegates for every precinct, one for every twenty-five Democratic votes cast for J. Baldwin, at the last general election, and one for every fraction over twelve: Mayhew's 4 Cottonwood 3 Tehama 12 Hunter's 3 Merrills 2 Red Bluff 11 Nome-Lakee 3 Stevenson 3 Antelope Mills 3 Tallman's Mill 3 Grove City 3 Tuscan Springs 2 Paskenta 3 Mullis' 2

Townsend's, provided the Board of Supervisors will establish a precinct, 2; Red Bank, under the same provision, 2; Rock Creek school-house, under same provision, 2.

1. **Resolved,** That we, the Committee, believing that it will tend to promote harmony and good order in the Convention to prohibit proxies, do recommend to that body the adoption of such a mode of action.

2. **Resolved,** That the Democratic County Convention be held on Friday the 3d day of June next, at two o'clock p.m., at the Court House, in the town of Red Bluff.

3. **Resolved,** That the primary meetings, at the various precincts throughout the county, be held on Saturday the 28th day of May next, at the hour of four, p.m.

4. **Resolved,** That we recommend to the members of the party in their primary meetings, to adopt and use the test recommended by the State Central Committee at their last session.

5. **Resolved,** That we recommend that the 15th day of June next, be the day for the assembling of the Senatorial Convention, and that it be held at Red Bluff, at the hour of 2 p.m.; and that the Assembly Convention be held at Marysville, on the 11th day of June next, at 2 o'clock, of that day.

Adjourned.

J. C. BRADLEY, PRES.

N. HALL, Sec.

DISTINGUISHED ARRIVALS.—Hon. W. M. Gwin, Hon. D. C. Broderick, Gen. Denver, and Hon. J. C. McKibben, arrived from Washington on the last steamer. The political cauldron will soon begin to simmer, politicians will commence to assume their respective places in the ranks, ready to obey the orders of the commander-in-chief. But as privates generally dislike a change when they are perfectly satisfied, we would not be surprised to conclude to stick to the old chief, as long as they are doing well, let Well(er) enough alone.

AN OLD FRIEND.—We noticed, by an article in the Dalles' Journal, that our old friend, Ike Roberts, is at that place, and connected with Levinson & Co's Express. We are glad of it; Ike is a whole-souled fellow, and we can cheerfully recommend him to the citizens of Oregon.

BOOKS OPEN.—Mr. J. S. P. Bass, President of the "Soda Spring Turnpike Road Co.," has left the books of the Company in town, ready for stock to be taken; we hope that our citizens will be liberal with this commendable enterprise.

SAN FRANCISCO NEWS LETTER.—We are indebted to Joe Wyman, of Freeman's Express, for a copy of this letter sheet, which contains a large amount of valuable information, prices current, &c. The fourth page is left blank, to afford an opportunity for letter writing, thereby giving all the news of a public, as well as a private character. Joe keeps us well supplied.

ARRIVALS.—Messrs Doll, Butler, Clark, Dennis and Logan, arrived on last Sunday night; they are all looking well, and hearty, which is good evidence that they have not departed from their well-established exemplary habits.

FORT READING BALL.—Don't forget that a grand ball is to be given at Fort Reading, on Monday next, the 2d of May. Mr. G. K. Godfrey will deliver an oration. Subject—O Tempora! O Mores! Oh the times! Oh the manners!

PERSONAL.—Mr. Watkins, alias Siskitaw, member of the Assembly from Siskiyou, came up on the Gem from Sac. City last Sunday. Mr. Watkins will return to his constituents with the satisfaction of knowing that every act of his, as their representative, found its origin in an honest heart.

For the Beacon.

NOT SO.

An article in last week's Beacon says that Senate bill, No. 82, making certificates of purchase evidence of title, will settle the title to property in this town. It is not so, and that nothing but the courts of the United States can or will settle the title to the land on which this town is located, notwithstanding the editor of the Beacon's opinion to the contrary.

SKITLER.

For the Beacon.

Is he honest, is he capable, is a question that every citizen of our county should find out in the candidates that may offer themselves before our County Convention for our suffrages, and as a citizen of Tehama County I know of no man more fitted to fill the above requirements, than St. Clair Jackson, Esq., (Little Jack, of Red Bluff). He is known to us all as a sound, staunch Democrat, and would make a good Public Administrator. We propose him as a candidate before the Convention; and believe, if he will accept, he can be elected by almost a unanimous vote.

DEMOCRAT.

MORE GOODS.—Pea Nut Joe has received another invoice of cheap clothing. Several new advertisements crowded out.

NEW ADVERTISEMENTS.

Our columns present quite an array of new advertisements this week, for which we thank our friends.

M. E. Hughes, agent for the celebrated Phelan's tables and combination cushions, advertises his goods to-day. There is no doubt but these tables are the most superior kind now in use.

Lamott & Collins, of Sacramento, advertise a large and fashionable stock of hats. Theirs is said to be the most extensive establishment of this kind in the State.

Our namesake, Fisher & Co., also throw their banner to the breeze, in to-day's paper. We brought up a specimen hat from this firm for our boss printer.

George Brownstein has been receiving, by every boat, for several weeks, additions to his already large assortment of dry goods, and now his stock is complete. The ladies particularly should call in and examine his goods. He is desirous of disposing of his entire stock immediately, in order to tear down his present house to make room for a brick building, which will be commenced as soon as the brick are burnt.

Hill, Beachey and G. W. Stafford announce their names as candidates for Sheriff.

J. G. Doll & Co. have some cattle which they wish to dispose of.

Dr. Allen has purchased Dr. Newsom's brick house, and also his whole stock of drugs. See his advertisement. He also continues to practice his profession.

Tom Hartley makes a change this week in his advertisement.

ENCOURAGING.—Messrs. Butler and Clark, after a trip of about six weeks through the State, report that they find no place with a fairer prospect than Red Bluff. This is, indeed, encouraging for our town, and we intend that the future shall fully confirm the opinion.

DEER.—We noticed a wagon load of deer in town on Monday, that were killed on the other side of the river. This kind of game, at this season, is poor, and unhealthy; and we would suggest to the hunters, that the game-law is now in force.

LARGE FREIGHT.—The steamer Gem, on her last trip, brought to this town 135 tons of freight, being the largest quantity of freight brought to this place in six months.

Mrs. Wood.—This very pleasing address left very mysteriously on the steamer Sonora, for the Atlantic States. The reasons for this sudden departure is said to be the frequent annoyances of her husband.

THAT TEST.—The Broderick-Republican State Central Committee, in order to keep their party perfectly pure, and free from the stigma of Black Republicanism, recommended no test, giving the Republicans no chance to assist them in their primary elections, and so offending them that there will be no probability of a collision in the coming election. This, doubtless, was in conformity with the orders of the arch commander, "the brave young Senator."

DIVORCE.—Mr. George P. Baker has finally obtained a divorce from his wife. The application was denied in the District Court, when an appeal was taken to the Supreme Court, and after a hearing of the case, the decision of the court below was reversed, ordering that the application should be granted.

The Board of Supervisors will meet on Monday next, when the County Auditor's report will be presented, showing a full statement of the financial condition of the county, up to the first day of May. It will be looked for with interest.

LARGE SUPPLIES.—We noticed, at the house of J. G. Doll & Co., on yesterday, a large quantity of goods just from below. This enterprising firm is the largest we believe, north of Sacramento.

A HEARTLESS VILLAIN.—Wm. Morris, alias Tipperary Bill, has been found guilty of murder in the first degree, and sentenced to be hung in San Francisco. It is said that when the jury returned the verdict, he turned deadly pale, but soon resumed his natural color, and told the judge—"that was the nearest road to Paradise," and to "make the time as short as he could, now while coffins were cheap."

ABOUT TO LEAVE US.—Mr. O. R. Johnson, a much esteemed citizen of this place, we are informed, will leave to-morrow for his home in Missouri. Mr. Johnson will take with him the well-wishes of a large circle of friends, who wish him a prosperous trip, and a speedy return.

NEW SALOON.—Poonman & Flenson's saloon, next door to the Court House, was opened yesterday. We accepted the invitation of Elijah to take a smile; his cigars are the best in market, his brandy is excellent, and the saloon is fitted up in the most elegant and comfortable style. We hope that they will meet with the success they deserve.

VOX POPULI, VOX BRODERICK, VOX MORTIMER. all combined, will be apt to make a thundering noise, and then pass away. The gentle Mortimer is an enthusiastic "cuss," and doubtless thinks that the "young brave," needs some little help, and so "the voice of the people" is brought to his assistance; but judging from the result of the last election, we would not be much surprised if the voice of the people proved to be a dose of Nux Vomica.

INSOLVENCY.—Dr. Lewis Crosby was discharged from his liabilities on Monday, the 25th inst., by order of the County Court, in and for the County of Tehama. Liabilities \$39,000, assets \$14,000, mostly not collectable.

The *Hyperion*, for April, is received, it is equal, if not superior to the preceding number.

FIGHT WITH THE INDIANS.—A party of citizens left Antelope on Thursday last in pursuit of Indians, who had, a few days before, stolen a number of horses from that vicinity. The Indians were discovered on Thursday evening, and the fight immediately commenced. We do not know whether or not it was the intention to commence an indiscriminate slaughter upon discovering them, but we do know, from all that we are able to learn, that the fight resulted most inhumanly, killing in all fourteen. We are informed by some of the party, that most of the killed were women and children, only one "buck" having been killed, and two wounded. We are not willing to believe that the gentlemen who composed that party would knowingly commit so rash an act, but under the excitement of the moment, they were doubtless hasty, and could not discern the difference between men and women. We hope, for the sake of humanity, that if another fight occurs, it will result more to the credit of those engaged in it.

CANDIDATES FOR SHERIFF.

Editor Beacon:—Please announce my name as a candidate for SHERIFF of Tehama County, subject to the action of the Democratic County Convention.
