NEWS OF THE MORNING.

Fourteen more Acts are published by this morning, which have been duly approved and become laws. They are entitled as follows: An Act supplementary and amendatory to an Act entitled an Act for the Incorporation of Railroad Companies, passed April 23d, 1893, and to the several Acts amendatory and supplementary thereto; to provide for the sale of the Sixteenth and Thirty-Sixth Sections of Land donated to the State for School Purposes, passed March 3d, A. D. 1893; to authorize the Treasurer of the City and County of San Francisco to execute certain deeds and cancel certain claims; to provide for the sale of certain property of the State of California, within the water line front of the city and county of San Francisco; to audit and allow the claim of the late Hamilton Bowie; to audit and allow the claim of the late Sheriff of the county of San Francisco; to audit and allow the claim of Edward F. Beale for expenses incurred in the settlement of Indian difficulties in the year 1890; to amend an Act entitled an Act to provide for the incorporation of railroad companies, passed April 22d, 1893, and an Act amendatory thereof, passed April 14, 1895; to appropriate money for the erection of buildings and other improvements to the State Asylum for the Insane; to audit the claim of J. Tyson; to audit the claim of William Wright; making additional appropriations for deficiencies in appropriations heretofore made for the pay of officers and clerks of the Senate for the ninth fiscal year; to extend the time of making the assessment and collection of taxes in the county of Nevada; to pay the Treasurer of State for extra services.

The election for President of the Board of Supervisors and five Supervisors for this county came off yesterday, and resulted, so far as heard from, in a majority of 1,619 for the People's ticket over the regular Democratic ticket. The battle was mainly contested in this city, but the people came out in their strength and decided the victory over the mere politicians. In this city the majority in the three wards for the People's ticket was 1,376. We consider that the passage of the Consolidation bill and the election under it of men of honesty, capacity and intelligence, who will carry out its provisions with an eye single to the good of the whole people, will open a new era in the history of Sacramento. The result is a rebuke to those who have sought to array the country against the city, and teaches a lesson to the Democracy that they cannot expect every sort of ticket that they may choose to submit to the people. They will now understand that if they wish to succeed in an election, they must pay more respect to the old Jeffersonian doctrine when they select candidates, viz.: Are they honest? Are they capable?

A daring highway robbery was committed early yesterday morning, near Nevada, by which Wells, Fargo & Co. lost, in treasure, the sum of \$21,000. All particulars will be noticed in another place. Measures, in our opinion, should be taken to have the transaction of large amounts, in exposed portions of the State, strongly guarded.

Among the subjects of interest in our pages this morning, are the returns of the election yesterday in this county; an additional letter from Washington; intelligence of the election at Stockton, and other matters of a general and local character.

THE VOTE IN THE CITY.—The following is the vote in the city, yesterday. It will be seen that the majority of Nichols over Craig is 1,376, and that the average majority for Supervisors, other than the President, is 124:9.

THE ISSUES INVOLVED.

So far as the friends of President Buchanan and his policy could make the issue between him and his policy and the rest of mankind, in the contest yesterday, it was made. They did their utmost to rally all who sustained him and his Kansas policy to their ticket, and they probably succeeded. But the opposition was composed of several elements. The first positive step towards an opposition organization was taken by business men, who were instigated more by a desire to elect a good and reliable ticket, than by any other motive. So soon, however, as it took the form of a public mass meeting, it attracted all the elements of opposition to Buchanan Democracy, as well as the support of those who were laboring to produce a thorough reform in our city and county officers. Douglas Democrats, Americans, Republicans, Settlers, and some old line Whigs, rallied to the support of the Independent Ticket, and while it is doubtless true, that some Buchanan Kansas men voted the Independent People's Ticket, it is equally true, that seven-eighths of those who voted the ticket, are men who would avow their endorsement of the position, on the Kansas issue taken by Senator Douglas. Had the Buchanan Ticket succeeded, it would have been claimed positively as a Lecompton victory by the *Statesman* and *Mercury*; as it was terribly beaten, it will hardly be considered a Buchanan Kansas success.

SENATOR HAMMOND.—In the Senate, this morning, Senator Hammond delivered a rank disunion speech, from which Senator Broderick in his positive speech, quotes at some length, and replies to the South Carolinian in a very spirited and effective manner. We give a few sentences from Senator Hammond's speech:

In all social systems there must be a class to do the menial duties, to perform the drudgery of life. That is, a class requiring but a low order of intellect, and but little skill. Its members are not to be educated. Such a class may have, or you would not have it, that other class which leads to progress, civilization and refinement. The Union is the only one of the kind of political government; and you might as well attempt to build a house in the air as to build either the one or the other except on this mud-sill.

The men who labor for a living, Senator Hammond classes, as the "very mud-sill of society"; and yet this haughty aristocrat considers himself a National Democrat. When such men as Hammond, Davis, Quitman, Hunter, Brown, and Keitt, are classed as National Democrats, we beg to be excused. The working men, Senator Hammond, a National Democrat, considers the "very mud-sill of society." What grosser insult could be offered to the working men of the United States? and still the man who uttered that degrading sentiment is one of the great Democratic party. As the mass of the party work hard for success, we suppose it may apply to be called the "mud-sill" of politics.

SHORT, BUT VIGOROUS.—For a three days' electioneering campaign, the one that terminated yesterday, in the election of the Independent Ticket, was most vigorously conducted, and the result exhibits the power the tax payers, working men, business men, merchants, mechanics and manufacturers of the city can wield, when united with the farmers in the country in a good cause. It was a good cause in which they were united yesterday, for they were laboring to place the Government of the city and county in the hands of honest men, who would go into office independent of all parties.

DO THE UNION TELL THE TRUTH?—If Saturday's Union could be relied upon, there is not a ghost of a show for Mr. Craig, although he is confessed to be an irreproachable and competent gentleman by his most violent opponents. The Union learns that he will obtain but a meager vote at home, and if such is the case, when he has to encounter such violent opposition elsewhere, how can he expect to be successful?—*Trinity Statesman.*

We refer the *Statesman* to the returns from Alder Creek and Folsom, for an answer to its question: "Did the Union tell the truth?" The Union was reliable; there was not "a ghost of a show for Mr. Craig." See returns in another column.

THE COUNTRY.—As far as heard from, the people of the country have rebuked in a manner not to be mistaken, the stupid attempt made by the leaders of the "mud-sill" Bogus Democracy, to array the country against the city, only three or four precincts having returned a majority for Craig.

THE SETTLERS AND MINERS did their country real service yesterday, and they are entitled, therefore, to the gratitude of their fellow-citizens. Most nobly did they work, as the returns from the different precincts in the country fully witness.

We hardly suppose that the Bogus Democracy will venture again to sneer at a spontaneous movement of the people against their clique nominations. The leaders have been made to feel the power of independent freemen.

PUBLIC DOCUMENTS.—We are indebted to Senators Gwin, Broderick, Jeward, Collier and Cameron, and also to J. C. McKibben of the House for Government documents.

LARGE STRAWBERRY.—A strawberry has been forwarded to us from the Charley St. Lewis Ranch, near Knight's Landing, which measures in circumference seven inches.

CALIFORNIA STATESMAN.—The late *State Journal* has now assumed this name. The new paper has started under the auspices of S. W. Ravelly, publisher, and we trust it will be creditably conducted.

RICH BLAST.—Wallace & Co., high up in the mountains between the north and middle forks of the Tuolumne river, took out of one blast \$3,000.

CALIFORNIA TRAVEL.—The Washington States, a Democratic paper, has the following remarks upon this subject:

The high rates of fare charged by the "monopoly" prevents thousands of families from emigrating to California, and would otherwise do so. The success of California, as a free State, depends on the opening of the different Transit routes. With lines established via Tehuantepec and Nicaragua, the price of passage would soon come down, and in a few years California would be one of the most populous States in the Union. According to an estimate we made some time since, it now costs \$100 to travel from San Francisco to the Pacific States \$5,000 more than when competition existed. This is a subject well worthy the attention of the Representatives of California in Congress.
