Re: United Auburn Indian Community/UC Davis CalNAGPRA Matter 2018-
CalNAGPRA-1, Accession 32 (Auburn Dam), **Action Item**

The United Auburn Indian Community (UAIC) has asked to be placed on the open session agenda to seek the Commission's intervention in its repatriation efforts of the Accession 32 collection with UC Davis. It has come to the attention of UAIC that an Ad Hoc Committee formed by UC Davis for the purpose of determining next steps with respect to NAGPRA repatriation of the collection has recommended that 7,000 items in the Accession 32 collection be deaccessioned to UAIC or other interested tribes. UAIC would like to present its views regarding the deaccessioning and maintain the integrity of the CalNAGPRA repatriation process. UAIC will present its own testimony and its request of the Commission.
