Instructions: Use this certification before submitting Preliminary Summaries of unassociated funerary objects, sacred objects, or objects of cultural patrimony. Please initial next to each requirement that has been met.

In submitting this Preliminary Summary to the Commission, the Museum/Agency complied with the following CalNAGPRA requirements:

All Ethnographic and Archaeological Objects: Pursuant to Section 8013, subdivision (c)(1), included all Native American ethnographic or archaeological objects for potential inclusion as cultural items.

Required Descriptions: Pursuant to Section 8013, subdivision (c)(1), described the scope of the collection, along with the means and period of acquisition, state cultural affiliation, and state aboriginal territory, where reasonably ascertainable.

Consultation: Pursuant to Section 8013, subdivision (c)(2), engaged in consultation with California Indian tribes as part of the completion of the preliminary summary and deferred to tribal recommendations for appropriate handling and treatment.

Tribal Identifications: Pursuant Pursuant to Section 8013, subdivision (c)(2), recorded any identifications of cultural items that were made by tribal representatives during consultations. The identifications included any broad categorical identifications, including, but not limited to, regalia, the identification of objects as sacred objects or the identification of everything from a specific site as a sacred object because that site is a sacred site.

Information Provided to Tribes: Pursuant to Section 8013, subdivision (g)(1)-(2), provided documentation to the consulting Indian tribes related to geographical location, cultural affiliation, aboriginal territory and the circumstances surrounding their acquisition. Upon the request of a tribe or lineal descendent, provided all available supplemental documentation, including inventories or catalogues, relevant studies, or other pertinent data.
