As a Business Owner, I have continually worked to provide the community with a small convenience store with goods and services that provide consumable and essential items to meet individual needs. I have provided sponsorships to individuals for youth sports, FFA, individual youth special activities and adult softball teams. While on the Advisory Boards and Committees of Tribal Council, I learned about the various Programs and of each Program's services and the unmet needs of the community utilizing the various services of Tribal Programs; as a Tribal Councilman and as Tribal Chairman, I advocated for programs services that would meet the needs of the Community and the need for economic development and it's resources to assist in developing a sustainable homeland for the Tule River Indian Tribe. My education at Porterville College allowed me to follow a vocational career development path that assisted in my ability to promote to the higher levels of Supervision in my work classification at Porterville Developmental Center. Also, while studying at Porterville College, my History Instructor inspired me to ask questions about my Tribal Cultural History and to find the answers to my questions. I would talk with the Elders in my family to learn about the different cultural activities that I assisted them with and that I participated in with them. Now that I am an Elder, I believe that it is time for me to assist the ancestors of my ancestors to come home.
- **Differentiators:** I am an enrolled member and Elder of the Tule River Indian Tribe and have researched the Tule River Tribal history and the Tribal History of California. I have researched genealogy, archeology, and ethnology to gain insight on the Cultural

Traditions of the Tule River Indian Tribe. I have researched, State and Federal laws including NAGPRA/CalNAGPRA that have an impact on all tribes. I have advocated and participated in Tribal Consultations regarding making changes in the laws that infringe on a Tribe's Sovereignty and Self Determination. I am still active in Tribal Community Service; this is my third year on the Tribe's Land Assignment Advisory Board and recently started my first year on the Tribe's new Cultural Resources Advisory Board. I plan to assist the Tribe in the development of a Tribal Cultural History Preservation Center; to Keep what we have learned and what we know about our culture, for the Future Generations of the Tule River Indian Tribe.
